#### **Heidi Haydon back for bstreetsmart 2016!**

In December 2009, mother & daughter, Heidi and Jenni Haydon, had been out riding for the day on their beloved motorcycles. Sadly, Heidi never made it home that day as she was t-boned by a ute going through a roundabout. The ute bulldozed her into the guardrail after the driver failed to give way. Heidi was just 22 years old at the time.

Although Heidi never shed a drop of blood in the crash, she was left a T4 complete paraplegic and is now paralysed from the chest down and will never walk again.

Heidi returns by popular demand to bstreetsmart in 2015 to tell her heart-breaking story and the battles she has faced to overcome adversity.

“Being in a crash has changed by life completely..... my life ended as I knew it”.

#### **Student Comment:**

*“What I learnt is to be safe and TELL someone to slow down when they are speeding. DONT drink/take drugs and drive or get in the car with someone who has been drinking or taking drugs. DONT rush to get where you need to go faster. DONT put someone else’s life at risk.”*

#### **Teacher Comment:**

*“It was very realistic and very confronting which enabled the students to better understand the message behind the situation.”*
