Crash Scenario 2016

Why your school should attend bstreetsmart.....

The award winning **bstreetsmart** programme integrates perfectly with the NSW Personal Development Health & Physical Education (PDHPE) Syllabus for road safety. The program consists of a dramatic live crash re-enactment that includes Police, Ambulance Service of NSW and Fire & Rescue. Interactive displays and crash survivor speakers bring home the road safety message with passion and clarity. The forum is run by the Westmead Hospital Trauma Service for school years 10 – 12 with the specific purpose of educating our youth and reducing road fatalities and injuries in this high risk group.

bstreetsmart proudly won the Australian Road Safety Award (2014) and the Western Sydney LHD Quality Award (2016) and has been finalists in the NSW Premier Awards (2007, 2013), the Australian Road Safety Award (2011, 2012 & 2016) and Western Sydney LHD Quality Award (2013). The program has been running for 12 years so you can be assured your students will be attending a top quality learning experience.

Student Comment 2016:

"I was well aware of how much chaos a crash would cause but you still managed to captivate me to the point where I could not look away. It was very realistic and had people sitting on the edge of their chair!"

Teacher Comment 2016:

"This program strongly supports the message we deliver in PDHPE and gives us a practical example to refer back to during lessons. Gives students a much broader view. We'll definitely be back next year!"
