2018 bstreetsmart event

Last year 196 schools from across NSW & ACT attended with 20,513 students. In addition, over 100 schools watched lived or downloaded the event.

Why your school should attend bstreetsmart.....

The award winning bstreetsmart programme integrates perfectly with the NSW Personal Development Health & Physical Education (PDHPE) Syllabus for road safety. The program consists of a dramatic live crash re-enactment that includes Police, Ambulance Service of NSW and Fire & Rescue. Interactive displays and crash survivor speakers bring home the road safety message with passion and clarity. The forum is run by the Westmead Hospital Trauma Service for school years 10 – 12 with the specific purpose of educating our youth and reducing road fatalities and injuries in this high risk group.

bstreetsmart proudly won the Australian Road Safety Award (2014) and the Western Sydney LHD Quality Award (2016) and has been finalists in the NSW Premier Awards (2007, 2013), the Australian Road Safety Award (2011, 2012, 2016 & 2017) and Western Sydney LHD Quality Award (2013). The program has been running for 13 years so you can be assured your students will be attending a top quality learning experience.

Student Comment 2017:

"Personally, I believe the crash scenario, victims of car crashes, combined with knowledgeable information presented ensures that I will be extremely careful, responsible and vigilant when driving in the future!"

Teacher Comment 2017:

"bstreetsmart just made so many of the issues come alive for our students. Everything about the presentation was relevant, realistic and confronting in the best possible way. We can't create the impact of this safety information in the classroom. I'm so grateful for every aspect of the day."
