### **Student Comment 2017:**

*"It was very eye opening. It has already influenced my driving and I have attempted to educate family members on things I have learnt including the disaster of distraction as well as the short time span, of only a few seconds, that can lead to injury or death!"*

### **Teacher Comment 2017:**

*"We would love to continue attending the forum as we feel that it is a vital part of driver education. Students have suggest that the forum should count towards their driving hours as they feel that they have learnt more here than hours on the road!"*
