# Support for teachers

The leading cause of serious injury and death for young people is road related crashes.

To promote the health and wellbeing of young people, Transport for NSW funds the government and non-government education sectors to employ road safety education specialists.

## These specialists can provide you with:

- professional learning about road safety education
- access to free teaching resources
- education strategies to encourage safe road use by parents around your school
- advice about how to address road safety issues around your school

**Looking for a workshop?  
Need curriculum support or ideas?**
