Live crash scenario 2022

2023 bstreetsmart event

This year the full event, including interactive displays during the lunch break, are back at the Qudos Bank Arena in the original format.

Why your school should attend bstreetsmart.....

The award winning **bstreetsmart** programme integrates perfectly with the NSW Personal Development Health & Physical Education (PDHPE) Syllabus for road safety. The program consists of a dramatic live crash re-enactment that includes Police, Ambulance Service of NSW and Fire & Rescue.

Interactive displays and crash survivor speakers bring home the road safety message with passion and clarity. The forum is run by the Westmead Hospital Trauma Service for school years 10 – 12 with the specific purpose of educating our youth and reducing road fatalities and injuries in this high risk group.

bstreetsmart proudly won the Australian Road Safety Award (2014 & 2017) and the Western Sydney LHD Quality Award (2016) and has been finalists in the NSW Premier Awards (2007, 2013), the Australian Road Safety Award (2011, 2012 & 2016) and Western Sydney LHD Quality Award (2013). The program has been running for 18 years so you can be assured your students will be attending a top quality learning experience.

Student Comment:

"I really enjoyed everything. I have never paid so much attention to something so entertaining and meaningful. It has changed me and it will change how I drive. Everyone should see this event."

Teacher Comment:

"I loved the day. It was great that it was not about scare tactics but rather harm minimisation and the development of skills that can be applied in real life situation. It should be a compulsory part of the curriculum!"
