Student Comment 2022:

"It was very confronting but in a very good way. It will forever stick with me what I learnt that day. Even though I am too young to drive, every time I get driven in a car I think about bstreetsmart and I make sure that I, and the people in the car with me, are as safe as possible in case anything happens!"

Teacher Comment 2022:

"Bstreetsmart is relevant and necessary. All students need to see first hand the importance of driver safety and the real consequences. I told my Principal it should be compulsory for every student"
